AMENDMENT "I"

Honorable Commissioner for Patents  
MS Amendment, PO Box 1450  
Alexandria, Virginia 22313-1450

This amendment is responsive to the Office Action dated April 6, 2007, in which the Examiner issues a notice of allowance for the Claims 60, 63, 67, 71, 80, 84 and 85, and withdraws the restriction requirement for Claims 64-66, 69, 73, 82, 83, 87 and 88. The Examiner states that the claims 62, 81 and 86, which are directed to species 3 and 4, are still withdrawn from consideration, because they do not properly require all the limitations of an allowable claim. Claims 62, 81 and 86 are directed to the enclosure being a wall enclosure, which is not properly dependent to include all the limitations of the independent claim, as the independent claim requires the enclosure being comprised of a set of deflectable strips. An amendment, for changes if required, may be filed as provided by 37 CFR §1.312.

The applicant submits herewith an amendment, filed in pursuant to 37 CFR §1.312. The applicant requests the advice and assistance from the Examiner, so that the amended claims could be written in proper forms for allowance.

The applicant has amended the claims in accordance with MPEP 714, with markings to indicate the changes relative to the immediate prior version.

The applicant requests an entry and consideration of the amended claims submitted herewith.
